PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of experience building and maintaining production web applications using Vue 3, Nuxt 3, and JavaScript. Experienced in SSR, REST API integration, legacy PHP-to-Nuxt 3 migrations, Technical SEO, and CI/CD automation with Azure DevOps. Delivered 15+ production healthcare websites and web applications.

EXPERIENCE

Mocero Health Solutions
June 2023 – July 2026

Frontend Developer — *Chennai, India*

- Delivered 15+ production healthcare websites and web applications using Vue 3, Nuxt 3, and JavaScript, handling frontend implementation through to production release.
- Migrated 5+ legacy PHP websites to Nuxt 3 with SSR, preserving existing functionality while improving maintainability and Technical SEO.
- Built reusable Vue components and integrated REST APIs across multiple projects, reducing repeated UI code and speeding up new site development.
- Designed Azure DevOps CI/CD pipelines to automate production deployments for SSR websites integrated with Strapi CMS APIs, reducing manual release steps.
- Collaborated with backend, QA, design, and infrastructure teams to deliver production releases.

Frontend Development & Professional Upskilling
2021 – 2023

Self-directed learning

- Completed self-paced learning in JavaScript, Vue.js, Nuxt 3, HTML5, CSS3, and responsive web development.
- Built personal and practice web applications; learned REST API integration, Technical SEO, and Git workflows.

PROJECTS

Queue Management System *(Mocero Health Solutions)* **Feb 2026 – Jul 2026**

- Developed a production healthcare queue management system covering patient flow, token generation, queue tracking, and counter operations.
- Implemented state-based workflows for waiting, called, in-service, completed, cancelled, and no-show token states.
- Built responsive dashboards, integrated REST APIs, and optimized real-time queue monitoring.

Mocero1000 Platform Migration *(Mocero Health Solutions)* **Nov 2023 – Mar 2024**

- Led frontend redevelopment of a directory platform featuring 1000+ healthcare technology companies.
- Migrated the platform from PHP to Nuxt 3, improving maintainability, scalability, and performance.
- Optimized SSR, search functionality, and rendering of large datasets to improve user experience.

TECHNICAL SKILLS

- **Frontend:** Vue 3, Nuxt 3, JavaScript (ES6+), Pinia, HTML5, CSS3, Bootstrap, Responsive Web Design, TypeScript , GSAP
- **Web Development:** REST APIs, Server-Side Rendering (SSR), Component-Based Architecture, Technical SEO, Strapi CMS (API Integration)
- **Performance:** Core Web Vitals, Performance Optimization, Accessibility
- **DevOps:** Azure DevOps, CI/CD Pipelines, Git, PM2, IIS, Vercel, Netlify, DNS Management
- **Tools:** Postman, WordPress, Google Analytics, Google Search Console, VS Code, Claude Code
- **Database:** SQL (Basic)
- **Languages:** English, Tamil, Telugu, Kannada
